

# Social media assets

---

We have provided social asset templates for you to use on your social accounts like Facebook, Instagram and LinkedIn.

For your feed posts we have 1080x1080 formats available and for your Instagram posts we have 1080x1350

You have the flexibility to customise with your logos. Insert your logo at the top where indicated.

If you're posting about your grant on social media, we'd love to see it!

Be sure to tag our accounts:

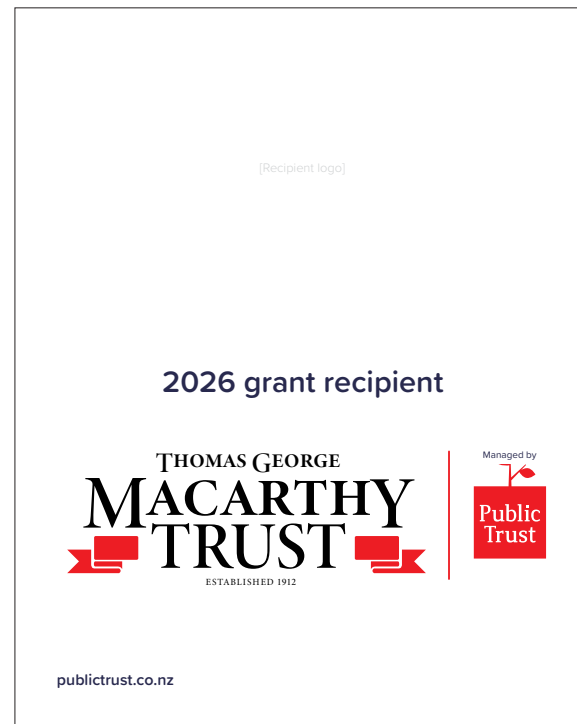

[Facebook](#)

[Instagram](#)

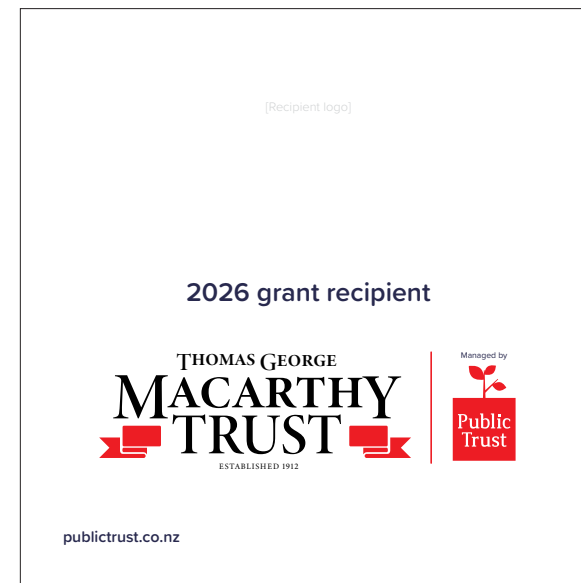

[LinkedIn](#)

Feel free to point people to more information on our website:
